## Features

### Material

Constructed from aluminum. Painted finish for durability and aesthetics.

### Mounting

Joins four extrusions in an "X" configuration. Secured to extrusions via four Allen screws pre-installed on extrusions.

### Compatible Extrusions

- XTLR-1 series (1-ft section)
- XTLR-2 series (2-ft section)
- XTLR-4 series (4-ft section)

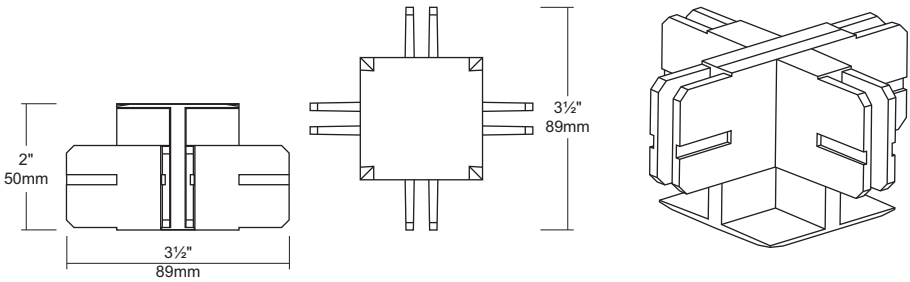

## Description

This aluminum X-connector is designed for use with FORUM surface mounting kits, or as part of an expanded frame system. These frames are designed to make the FORUM LED Panel easy-to-install when T-bar is not an option.

**Notes:** Accessories are sold separately. For additional options please consult your Liteline representative.

Due to our continued efforts to improve our products, product specifications are subject to change without notice.
